

# Foundations for Growth Monthly Educational Series

*Bringing Together the Worlds of Family-Building, Parenting,  
Foster Care and Adoption*

## CONVERSATIONS ABOUT TRANSRACIAL ADOPTION

LET'S TALK ABOUT RACE, ETHNICITY, CULTURE AND GENETICS

**SATURDAY, JUNE 15TH  
10 AM TO 12 NOON**

**Presented by Guylaine Brosmer, PhD, MSW, & Adoptive Mom**

Deciding to adopt a child who is from a different racial/ethnic background than yourself creates an added element of conversation, and sometimes challenges, to adoptive parenting. It also makes your family "stand out" to others, so it is important to prepare to navigate this beautiful, colorful world.

### **Learning Objectives:**

- How to decide if a transracial placement is right for us/me?
- Not being prejudiced is just the beginning of preparing for transracial adoption
- Find out how and why looks are important!

**Save the Date for next month's seminar:**

**Saturday, July 20th 10 am to 12 noon when Ali Desmond, MSW and birthmother will talk to us about The Birthmother Experience**
